Frequently asked questions

What are the key benefits?

- Your staff and clients have access to snacks and drinks 24 hours, 7 days a week.
- Productivity is increased as staff don't need to leave the premises to purchase refreshments.
- Security is improved as the hawkers are no longer required.

How much does the machine cost?

- Machines are placed free of charge for sites that qualify by Vending Solutions or its nominated operator.

How much will the products cost?

- Product prices vary and are comparable with most convenient stores.

Is there a minimum usage requirement?

- As the capital cost of machines are high, a minimum usage per month needs to be maintained. Monthly usage on individual machines vary. Chat to one of our consultants for more information.

Who is responsible for filling the machine?

- Vending Solutions or its approved operator will stock the machine.

Does the machine accept cashless payments?

- All our machines are fitted standard with Nayax cashless payment systems that accept credit/debit cards, staff cards as well as mobile app payments.

Who takes care of technical problems?

- Vending Solutions has fully trained technical staff who attend to all problems promptly.

How often is the machine stocked?

- Under full-service vending, refilling takes place at least twice a month or more often if necessary.

How much electricity does it use?

- Consumption is less than the average domestic fridge.

Where will it be positioned?

- We require the machine to be placed to provide maximum exposure to potential consumers.

How much space is required?

- Approximately one square metre of floor space is required with a further 1 ½ metres from the front of the machine necessary to allow space for the door to open during the refilling process.

What products will be placed in the machine?

- Machines are stocked with all the leading brands such as Coca-Cola, Cadbury, Nestlé etc. and you may request specific items to suit your needs.

How do we get a machine on our premises?

- Call one of our consultants at Vending Solutions on 0861 656 055 or e-mail us at info@vendingsolutions.co.za to see if your location qualifies.
